Department of Industries and Commerce.

From
The Director of Industries and
Commerce, P.B.425, Triplicane
P.O., Chepauk, Madras-5.

To
The Secretary to Government
Agriculture Department,
Fort St. George, Madras-9.

No.Rc.-80-X.1/55-4 dated 17-5-55.

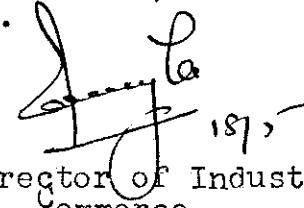

Sir,

Sub: Fish Curing yards - Yard at Hungarcutta in S.K. Dt.
Old buildings - Disposal - request of

✓ Mp21-22 g-A

As per sanction accorded in G.O.Ms.No.1319 Develop-
ment dated 7-6-1940 land measuring 3.72 acres was acquired
at a cost of Rs.3,897-10-3 for the Hungarcutta, Fish Curing
Yard in South Kanara District. The cost includes the value
of 17 thatched sheds, 7 water ponds, 4 wells, One Thulasi
katta (Stone) and 457 trees (340 Bearing cocoanut trees,
106 cocoanut plants and 11 Palmyra trees). As all the
sheds were not required the then Director of Industries and
Commerce, permitted the disposal of 16 thatched sheds in a
public auction and a sum of Rs.75-8-0 was realised and
remitted. One shed which had a better super structure was
retained and utilised as a combined guard and office shed.

The Assistant Director of Fisheries, Mangalore
now reports that there has been continuous sea erosion for
the past few years and that this building has developed
many cracks due to the dashing of waves. It is further
reported that it is beyond repairs and quite unsafe for
any use. He requests that the building may therefore be
disposed of in public auction. There is a proposal to
shift the yard to a new site and hence this building
has no further use. I, therefore, request that Government
may be pleased to sanction the disposal of the remaining
one building in public auction. I also, request that the
action of the then Director of Industries and Commerce in
permitting the disposal of the 16 sheds, that were standing in
the site, may kindly be ratified.

For Director of Industries and
Commerce.

Frv/17-5.

Copy to the Assistant Director of Fisheries, Mangalore.

Memo NO 48318 CIP/55 - 1d 3.6.1955

Sub: Fish curing yards - South
Kanara Dt. - Hungaravilla fish
curing yard - Disposal of old
buildings. -
Ref: From the D.P.O. No Re xi 155
dated 17.5.1955 -

For his letter cited, the D.P.O.
has reported that there were
17 thatched sheds in the sites
acquired as per order ^{is issued} No 60
No 1319 Development dated 2.6.1944
for the fish curing yard at
Hungaravilla in South Kanara Dt.
He has also reported that as
all the sheds were not required
for the yard 16 sheds were
disposed of by him in public
auction and that an amount
of Rs 75-8-0 was realised
therefrom.

2. From the valuation
statement forwarded to the Govt
by the Collector of South
Kanara with his R.D. No
3066/39 dated 29.6.1944
containing proposals for
acquisition of the sites, it is
observed that the Collector
valued the cost of the houses on
the sites as Rs 1057-0-0. The
amount realised by disposal
of 16 thatched houses out of the
17 sheds in the site is very low.
The D.P.O. is requested to state
why such a low amount was

only realized, when ^{were} the sheds
~~were~~ auctioned away and
 why specific prior orders of the
 Govt were not obtained ~~for~~
 before auctioning the
 instructions.

2. The Dir. is also
 requested to state what he
 proposes to do with the existing
 site & building. Will he in the
 fish curing yard at Hugarcutta
 in case if ~~it is~~ the yard is to
 be shifted to another site. He is
 also requested to state whether
 he has other proposals
 to the Govt. to shift the
 curing yard to another place,
 and if so the no. & date of
 his report on the subject.

AGRICULTURE DEPARTMENT.

Memorandum No.48318/CII/55-1 dated 3rd June,1955.

Sub:- Fish curing yards- South Kanara District- Hungercutta fish curing yard - Disposal of old buildings.

Ref:- From the Director of Industries and Commerce letter No.RC.xl/55-4 dated 17-5-55.

In his letter cited the Director of Industries and Commerce has reported that there were 17 thatched sheds in the sites acquired as per orders issued in G.O.Ms.1319 Development dated 7-6-1940 for the fish curing yard at Hungercutta in South Kanara District. He has also reported that as all the sheds were not acquired for the yard 16 sheds were disposed of by him in public auction and that an amount of Rs.75-3-0 was realised, therefrom.

2. From the valuation statement forwarded to the Government by the collector of South Kanara with his R.Dis. 3066/39 dated 29.4.1940 containing proposals for acquisition of the sites, it is observed that the Collector valued ~~that~~ the cost of the houses on the sites as Rs.1087/- The amount realised by disposal of 16 thatched houses out of the 17 sheds in the site is very low. The Director of Industries and Commerce is requested to state why such a low amount was only realised, when were the sheds auctioned away and why specific prior orders of the Government were not obtained before auctioning the superstructures.

3. The Director of Industries and Commerce is also requested to state what he proposes to do with the existing site and trees in the fish curing yard at Hungercutta in case the yard is to be shifted to another site. He is also requested to state whether he has submitted proposals to the Government to shift the curing yard to another place and if so the number and date of his reference on the subject.

Sub Fish curing yards - yard at "ungarcutta in South Kanara District -
Disposal of old buildings.

Ref: Government Memorandum No.48318-C.II/55-1, dated 3-6-1955.

A/ The 16 sheds were auctioned on 13-5-1941 and was confirmed by the Sub Assistant Director of Fisheries, Calicut after obtaining the approval of the then Director of Industries and Commerce, Madras. From a perusal of the Assistant Director's file it is gathered that the amount fetched is reasonable and fair. It is seen there from that ^{most of} them were kutcha sheds and those with masonry structure were having mud walls. Only one, that was tiled and comparatively of better structure, has been excluded from the auction and retained for use as combined office and guard shed. As my office file on this subject is not available in the records, I am unable to say whether prior orders of Government were obtained or not by the then Director of Industries and Commerce before approving the auction of the super structures. I presume that he must have obtained orders. | A

4/ I have not submitted any proposal to Government to shift the Fish curing yard to another place. The Assistant Director of Fisheries, Mangalore was asked to submit proposals to shift the curing yard to Thonse, a nearby village as he reported that the present yard building is being ~~dam~~ damaged by sea erosion and is unsafe. He is in correspondence with the Collector of South Kanara for transfer of a new site in Thonse village to this department to shift the yard there. The Collector has stated that the site may be handed over only after evicting ~~in~~ some private parties. The existing site with the trees will be placed back at the disposal of the Revenue Department after the new site is handed over to this Department by the Collector.

The Dir. has proposed
that the one old building
in the Hungarucilla fish curing
yard in the South Karav St.
which is now used as a
combined guard and office
shed may be disposed of,
as the building has developed
cracks and is beyond repairs. The
Director is requested to state
whether his proposal is

- (1) to auction the building
and the land on which it has
been erected at
- (2) to auction the superstructure
only of
- (3) to auction the building
and to ask the successful bidder
to demolish the building and to
remove all the demolished materials.

A very urgent reply is requested

--

In G.O.No. (Ms) 1319 Dev. d/7-6-40, the

Govt. acquired land to the extent of 3.72 acres for providing drying ground for the fish curing

yard at Hungarculta, in S.Kanara Dt. The site included 17 thatched sheds, 7 water ponds, 4 wells, one thulasi Katta and 457 trees. The D.I.&C

has now reported that as all the sheds were not required by the Fisheries Dept., the then D.I.&C.

permitted the disposal of 16 thatched sheds in public auction and the remaining one shed which

had a better superstructure was retained and utilised as a combined guard and office shed.

On account of a continuous sea erosion for the past few years, this building has developed many cracks ^(and is beyond repairs) and has become quite unsafe for any use. The D.I.&C has therefore proposed that

(i) sanction may be accorded for the disposal of ^{the building} in public auction ~~and that the~~

and (ii) the action of the then D.I.&C in having permitted the disposal of the 16 sheds that were standing in the site may also be approved.

Proposal (i) in para 1 above.

On further reference to the D.I.&C., it has since been found that the D.I.&C. has proposed to auction the building and to ask the successful bidder to demolish the building at his cost and remove all the demolished materials. The proposal may be agreed to. A draft order is submitted.

Proposal (ii) in para 1 above.

Attention is invited to paras 2 of the

^{In reply}
Memo. on pp. 5-6 c.f. / The D.I.&C has reported that the 16 sheds were auctioned on 13-5-41 with the approval of the then D.I.&C and that from a perusal of the records it is seen that the amount fetched is reasonable and fair. The D.I.&C has presumed that prior orders of Govt. would have been obtained by the then D.I.&C. This is not correct as otherwise the question of ratification of the ~~claim~~ action of the then D.I.&C. does not arise. At any rate it does not seem necessary that any ratification is called ^{for} at this distance of time. Finance may see on this point.

A p 11 c f
p 11 c f

3. The D.I.&C. has also reported that there is a proposal to shift the Fish curing yard to a different site and that the existing site with the trees will be placed at the disposal of the Revenue Department, after the new site is handed over. No action seems called for on this report.
